Several prominent railroad men were present. Ex-Attorney-General MacVessy appeared in behalf of the Pennsylvania railroad, and submitted argument in opposition to the measure The entire session of the committee was devoted to hearing Mr. MacVessy, and, not having consided his remarks at the hour of adjournment, he was requested to appear again to-day.

The House Committee on War Claims have agreed to a favorable report upon Representative

agreed to a favorable report upon Representative Houle's bill which provides for an appropriation Hours our which provides for an appropriation of \$300,000 for the payment of what are known as the Fourth of July claims, arising from the loss of property incident to General Lee's invasion of Fennsylvania. The committee also agree to recommend the passage of a resolution to pay \$4,000 to the Quariermaster's agents for services rendered in the investigation of these claims. The committee also agreed to adverse reports upon the claim of Mary H. Porter for \$50,000, and the state of J. M. Best for \$50,000.

The House Committee on Public Lauds have sardered a favorable report to be made to the ordered a favorable report to be made to the House upon Representative Belford's bill, which provides for the sale of that portion of the Ute Indian reservation in the State of Colorado, lately scenpied by the Uncompanyre and White River Utes, to the same manner and under the same restrictions as public lands of the United States are disposed of. The committee also agreed to report favorably Representative Craven's bill to indemnify the State of Arkansas for swamp and overflowed lands within said State which have been sold to the United States subsequent to March 3, 1876.

Mr. Lapham, of New York, presented resolutions in the Senate of the New York Legislature upon the necessity for a tax in the form of head-money for the inspection of hundreds of thousands of im for the inspection of hundreds of thousands of im-migrants landing from foreign ports in New York harbor (the probability being that the humber for the past year [460,000] may be increased by fifty thousand during the present year), and urging upon the Senators and Representatives from New York to urge a law to protect the State from the sare and expense which belongs to the unwise, unjust importation of persons who, in many cases, are paupers, criminals, lunstice, or afflicted with diseases and permanent physical and intellectual disability to secure their own support.

The House Committee on Invalid Pensions or-dered a favorable report to be made to the House

dered a favorable report to be made to the House Tuesday upon Representative Matson's bill relative to the rating of certain classes of invalid pensionto the rating of certain classes of invalid pensionsrs. It provides that persons who have lost a hand
or foot and are otherwise disabled from other
wounds or disease contracted in the service shall
be rated for each disability, provided the aggregate does not exceed S00 per month; and that persons who have lost an arm or a leg and are otherwise disabled shall in some manner be rated for
each disability, provided the aggregate does not
exceed \$40 per month. The committee amended
the original text of the bill so as to permit the increase of pensions provided for, to commence from
the date of filing the claim. This measure, if it the date of filing the claim. This measure, if it shall become a law, will give an increase to a very large class of pensioners.

During the consideration of the Allison bill by the Senate Finance Committee Tuesday morning several important amendments were submitted by Senators Sherman, Beck, and Ferry, which y Senators Successfully because it is order of the brought up for action hereafter. will be brought up for action hereafter. In order to put them in convenient form for consideration they were reported to the Senate in the afternoon and ordered to be printed, together with additional copies of the bill, and recommitted. Mr. Sherman's amendments provide that the reserve fund of \$150,00,909 shall consist solely of "gold coin and bullion, and one-fourth standard silver doltars as proposed by Mr. Allison; and that when the amount of standard silver doltars in the Treasury, exclusive of those represented by outstanding silver certificates, shall exceed \$30,000,000 the coinage thereof shall cease until the amount falls below that maximum. Mr. Beck's amondment proposes to reduce the metal reserve to \$100,000,000, and Mr. Ferry's, to describe it simply as "coin," without specifying either gold or silver. The House Committee on Elections voted on Tnesday to dismiss without prejudice the contest in the case of Smith (Republican) we. Robinson (Democrat), sitting member from the Sixth District of Louisians. The committee also discussed at some length the Utah case of Cannon vs. Campbell, and decided to take a vote upon it next Friday. Judge Dibble, the successor of Mr. O'Connor, decessed, from the Second District of South Carolina. Tuesday, filed sfillavits with the committee exiting forth that the evidence taken in the case by Mackey, contestant, had been systematically impored with by Mackey, who had secured the signature of the notary public before whom the evidence was taken to what purported to be copies of the evidence, when, in fact, said documents had been subsequently prepared by Mackey himself or at his direction. Upon these addicates the firm in the consendition of the contestant. The case will come up for consideration by the subcommittee.

After reading the article by "Senex" in The Re-Publican of the 14th Instant, in opposition to vac-cination, I would say I also am a doubter, because when Jenner first discovered vaccination one operation was said to be sufficient for life; afterward it was said it must be done every seven years; then five years; and now the Health Office: of this city says vaccinate all who have not been within two years. How long before he will order it done twice every year? In England it has been compulsory, under a heavy penalty, for at least forty years, and if it prevents smallpox there ought not to be a single case in England to-day. Why should people be compelled to submit to an operation which cannot be proved to have prevented a
single case of smallpox. I know of several
cases where serious illness resulted from vaccination, and years of misery followed (exused,
the doctors say, by the use of impure matter),
and will be transmitted to flature generations.
How can pure matter be obtained? Why, from
the cow. Oh, yes, a heifer is inacculated with purid fisch (which is deadly polson) from a diseased
human being at the time when all the impurities
are brought to the surface by the disease, and then
transferred from the animal to bealthy persons,
carrying with it whatever hereditary disease may
have been in the family of the person from whom
it came; and because people object to running the
risk of having the scrotnia and other diseases intransferred in their families their children are not
allowed to attend achool. I have statutics of
smilnest physicians of England and Germany to
prove that it is no preventive, but, on the contrary, the death-rate in smallpox was investiamong those who had been vaccinated. N. E. X. should people be compelled to submit to an opera

The value of the captures made by the State militia of the cyster-boats is estimated to be not less than from \$35,000 to \$20,000. The boats vary greatly in value, but one of them, the Kirkwood, it is said, was new, worth \$6,000, and had on board 1,400 bushels of cysters. All the property will be combecated, and it is stated that one half the value thereof goes, under the statute, to the capton, according to the code of 1875.

cording to the code of 1873.

Much interest has been manifested and some feeling caused in Dinwiddie County in consequence of the proceedings instituted by Judge R. C. Shell, having for their object the removal of Mr. Henry Cousins from the office of sheriff of that county. These proceedings are based on the ground that Mr. Cousins vacated this office by accepting and qualifying to a commission assampler of tobacco at Moore's warehouse, Petersburg, the constitution of Virginia providing that "sheriffs shall hold no other office."

SNOW WHITE BREAD and beautiful Rolls and Biscuits will be guaranteed if you use CEREN.

the celebrated Minnesota Patent-Process Flour, which was awarded the First Premium over all other competitors at the National Fair in 1839, and again the First Premium, in the shape of a very handsome gold medal in 1839 and lest. The millers chaim that one barrel of Ceres will turn out forty loaves more bread than any other flour in America. We would also respectfully mention the fact that Mrs. S.P. Anderson, of this city, reselved the First Premium at out last October Fair for the handsomest Holls and Biscuits on exhibition, and they were made of Ceres Flour, which is only adding another proof to the many already established, that Ceres is the best Minnesota Patent-Fracess Flour known to the trade, and we doubt that it has its equal in the world.

TERLIANG S.T. LOUIS FANCY.

NTEBLENGY ST. LOUIS FANCY.
one of the roost beautiful Winter-Wheat Plant Flours
ever offered to the Irade. It is unexceiled by any other
Patent except Ceres, and will please the most exacting housekeeper and satisfy the most fastisfions RELIANCE, a splendid Minnesota Patent Flour, made by the cele-bratted Hungarian Process. It is a very cheap and beautiful Patent, within the reach of all classes, and we guarantee will give satisfaction to every one who will try it.

we guarantee will give satisfaction to every one who will try it.

GOLDEN HILL, the old reliable standard Manily Flour of the District, and equal to a great many so-called Palent flours. The millers or manufacturers of Golden Hill have spent about \$10,000 in remodeling their mill, and have introduced the so celebrated Roller system, and consequently Golden Hill is not only a magnificent Pamily Frour, but it is really a patent fleur with the great advantage that it can be bought for considerably less money than a great many Palent-Process flours not noar as white nor as nutritions as Golden Hill. We dely competition to bring forth any flour superior to Ceru, Sterling, Minneola, Holman, or Golden Hill, and we feet assured that any housekeeper who tries them once will never use any flour sections. Who are also the Sole Wholeanie Agenta for the District of Ruckur's Celebrated Seif-Raising Flour and Buck whoas.
